## Dayananda Sagar Centre for English & Foreign Languages

Globalisation of the economy has given a new dimension to India. Throwing up challenges. Not seen earlier.

To respond effectively and take full advantage of new developments, an army of well-trained human resource is needed.

### People with multiples skills

- good communicators
- great listeners
- interpreters
- mastery in more than one language
- competence spread over several subjects

**The levels of quality:** Global.

**And the Rewards:** Plenty.

### DSI Making the right response

Dayananda Sagar Institutions (DSI) as part of its plans to be innovative and quickly respond to market needs, has realized the criticality of training students in its campus and also from outside, in multiple skills. Leading the pack is training in English & foreign languages and soft skills.

This training is designed to transform the young generation to be battle ready.

To answer every need either in a domestic company or an MNC, on day one.

Face any examination or challenge with confidence.

Walk away with top honours from any skills' test or competition.

### The DSI promise:

Dayananda Sagar Institutions (DSI), which has been into education for close to half a century offering all major professional programs in its state-of-the-art campus, was among the first to go high on technology including bringing in the WiFi connectivity into an education facility in the country. DSI also saw the need for the younger generation to be trained in areas outside university curriculum and offer additional specializations. Making education wholesome.

**Knowledge & Language The twin needs found in one individual:**

A student at the DSI Campus is now made to focus on mastering a language. Placing the same emphasis as on knowledge. Full marks and right responses could be found from a strong combination of these two factors in every individual.

### Programs on offer:

English to all students coming from non English speaking regions.

Preparing students to gain complete mastery in English and any one or more foreign languages, as part of their formal study in various professional programs.

**Foreign Languages on offer at the DSI Language Lab include:**

**Spanish, German, Japanese, Arabic, Chinese  
Mandarin, Korean, French, Italian & Portuguese**

**English, in different modules and covering a wide range of needs. More specifically:**

Focused training to students taking up all major competitive examinations and, entrance examinations for admission to higher education.
